

## Latin Music lovers' alert: **Eddy Herrera is appearing live in Curaçao on November 4!**

Dominican powerhouse performer Eddy Herrera will be center stage at the Curaçao Festival Center on Saturday, November 04, as was announced during a press conference by Marin van Eps of Van Eps Entertainment last week. This veteran of the renowned annual Heineken Musicfest delivers a thrilling evening of entertainment, and Adeline de Gouveia of Caribexotic Events and Tours travel agency in cooperation with Van Eps Entertainment has put together a variety of packages that will provide an exciting weekend in Curaçao, which will include entrance to the concert.

From the age of nine, when Eddy acquired his first guitar from his father, it was recognized that he had a talent that merited development. After forays into studying architecture and a career in semi-pro baseball, he realized that music was his love, and spent six years with a popular band before going solo in 1989 at the age of twenty-five. His first album, which simply carried his name, spawned seven major hit songs and established him firmly as one of the hottest young stars of the Latin/Caribbean music scene.

The concert, titled "La Fiesta," will feature many of his mega hits from his nine best selling albums and songs from his new CD "Amor De Locos" or "Crazy Love."

Eddy Herrera will bring that energy and the charisma that has kept him firmly established as a top performer the stage on November 04, and Arubans can inquire with Adeline de Gouveia at telephone 599-9-691-7554 in Curaçao about a package that will suite their taste and their budget starting as low as \$299 for the weekend, including airfare, meals and hotel. Also working in cooperation with Van Eps Presentations and present at the meeting was Dave Martinus of Fun Miles, which will be accepting accumulated fun miles for tickets and packages for the event. These can be turned in at their office on the Avineda Millio Croes. Tickets and packages can also be purchased at the Fun Miles office, and for more information they can be contacted by calling telephone number 858-9947.
